

ShopEZ E-Commerce Shopping Platform – Problem–Solution Fit

1. Customer Segment(s)

Online shoppers, students, working professionals, and small business owners looking for a convenient, secure, and efficient online shopping experience.

2. Jobs-to-be-Done / Problems

Search and browse products easily, compare products and prices, purchase products securely, track orders and deliveries, and manage products, inventory, and customer orders efficiently.

3. Triggers

Product needs, seasonal sales, discount offers, social media advertisements, product recommendations, and convenience of online shopping.

4. Emotions: Before / After

Before: Frustrated, confused, overwhelmed by complex interfaces. After: Satisfied, confident, and comfortable with the shopping experience.

5. Available Solutions

Existing e-commerce websites, social media stores, and local retail shops. Pros: Large product variety and online convenience. Cons: Complex navigation, limited personalization, and inefficient management tools for small businesses.

6. Customer Constraints

Limited budget, lack of time, concerns about payment security, product quality, and delivery reliability.

7. Behaviour

Users search for products online, compare reviews and ratings, add items to carts or wishlists, and prefer mobile-friendly shopping experiences.

8. Channels of Behaviour

Online: Web applications, mobile devices, social media, and email marketing. Offline: Recommendations from friends, family, and local business promotions.

9. Problem Root Cause

Many online shopping platforms have complicated user interfaces, slow navigation, limited personalization, and insufficient tools for inventory and order management.

10. Your Solution

ShopEZ E-Commerce Platform: A MERN Stack-based shopping platform that provides user authentication, product catalog management, advanced search and filtering, shopping cart functionality, secure checkout, order tracking, inventory management, and an admin dashboard for business monitoring.

Fit Conclusion

The solution fits because it simplifies online shopping for customers while helping businesses manage products, orders, and inventory efficiently. ShopEZ improves user experience, enhances business operations, and provides a secure, scalable, and user-friendly e-commerce environment.
